

## Interior Designer – Warrington

### Job Description

Our main objective is to offer client turnkey design and fit-out solutions, we believe creative and inspiring design solutions can be a powerful tool in winning new business.

Our work mainly consists of the design and fit-out of commercial environments, in addition, we provide fee-based workplace consultancy and interior design services for a wide variety of clients.

As a forward thinking and focused design professional you will enjoy providing innovative design solutions for our clients and supporting the commercial team in pitching and winning projects. It is essential you have excellent communication skills and can articulate your ideas effectively

### Role and Responsibilities

This role requires creativity and imagination with a willingness and passion to develop knowledge and experience. You will be responsible for taking the brief from a client and developing initial concept ideas and designs, engaging with the client and taking the scheme through to Stage 3 /4. Co-ordination with the commercial team is imperative to ensure that the schemes we are presenting meet the brief including considering the constraints of the building, budget and timescales. The role includes space planning, preparation of presentation material, product research and specifications, liaising with contractors / suppliers and assisting the project management team to ensure successful completion of the interior design / fit out projects.

### Educational Requirements / Professional & Technical Qualifications

- Qualified to Degree Level or equivalent in Interior Design / design related discipline.
- Good spatial awareness and knowledge of materials
- Strong attention to detail with ability to coordinate work and information across different communication mediums – drawings, email, schedules, meetings.
- Proficient in AutoCAD 2017 / Vectorworks 2017 – 2D, 3D Cad experience essential
- Strong Microsoft Office skills - Outlook/Word/PowerPoint/Excel
- Other software experience desirable - Photoshop/ sketch up
- Minimum 3 years' experience.

### Essential Additional Information

- This job will be based in Warrington although our projects are nationwide
- A driving license is essential

**Strictly no agencies please.**
